Press Note.

RECORD YIELDS OF PADDY BY TWO FARMERS.

The Government of India have noticed that record yield of paddy averaging 5,544 and 6,216 lbs. per acre have been achieved by two farmers of Belgaum District in Bomba State.

These two "Heroes of the Land Army" are Sri S. K. Kalyani of Nandgad and Sri S. G. Humbarwadi of Chandgad. Both these farmers have sown "Y. 4" paddy seeds and have used substantial quantities of cowdung manure.

Sri Humbarwadi, whose average yield is 6,216 lbs. per acre, has used 20 cart-loads of cowdung manure, 5 cart loads of ash, 200 lbs. of lime and sulphate and 300 lbs. of manure mixture for each acre sown with paddy.

This record achievement of these two farmers is not only a matter for pride but also a deed for emulation by agriculturists elsewhere who, it is hoped, will take inspiration from this record and do their best to grow more food on their lands.
